

iControl: Favorites On Demand

Favorites On Demand

- Watch selections from top cable networks like CNN, Cartoon Network, Comedy Central, Food Network, plus music videos, whenever you want.
- Start watching at the touch of a button and pause, rewind and fast-forward just like a VCR.
- All for no additional fee.

Find a Program

1. Tune to a **Favorites On Demand** channel. Enter the channel number directly on your remote control, and press the **SELECT** button. Check your **Channel-Lineup Guide** for the channel number.
2. If you don't know the channel number, you can find it by browsing the on-screen **Program Guide**. Press the **GUIDE** button to bring up the **Program Guide**. Then use the **UP** or **DOWN** arrow buttons to find a **Favorites On Demand** channel. Press the **SELECT** button.
3. Use the **LEFT** and **RIGHT** arrow buttons to choose a category.
4. Use the **UP** and **DOWN** arrow buttons to browse through all the available shows.
5. If you want more information about a show, press the **SELECT** button.
6. To return to the main menu, press the **C** button.

Watch a Show

1. Before you start watching, make sure the **VCR/VOD** option on your remote is set to **VOD** -- that stands for Video On Demand.

Note:

Some remotes have a switch; others a button. If your remote has neither, it will

work automatically - you don't have to change anything.

2. Press the **PLAY** button to start watching a show.
3. If you have set up Parental Controls, and the show you have selected is restricted, you will be asked to enter your PIN number.

To learn more about **Parental Control**, read that tutorial.

4. You can **PAUSE**, **REWIND**, and **FAST-FORWARD** the show using your remote control buttons -- just like a VCR.
5. You can also press the **STOP** button at any time. When you press the **STOP** button, you will be given the choice to resume playing from where you left off (press the **PLAY** button) or restart the show from the beginning (press the **A** button).
