

Do less surfing and more watching. Our new lineup makes it easy.

Introducing TV Made Easy.

You have plenty of viewing options. With over 300 channels, we thought we could make things easier for you. Our new channel lineup has channels 100 and above grouped by category to make finding the programming you like faster than ever.

Digital Cable is now better than ever.

- New category-based lineup makes surfing easier and finding specific programs simple.
- HD channels on Time Warner Cable are even easier to find. Simply add a "1" to the standard definition channel that you would like to watch in HD. For example, USA is on channel 300, so add a "1" to find USA HD on channel 1300. Plus, we have new channels like E! HD, Spike HD, CMT HD and more coming soon!
- On Demand and Pay-Per-View services are easier to access.

Check Your Preferences.

Remember to check the following things after the lineup change:

- If you use parental controls – please verify your channel, rating and other blocked settings.
- Verify your favorite channels.
- Check scheduled recordings on your DVR or VCR.

Use Your On-Screen Program Guide

Your on-screen program guide is the best resource to navigating the new channel lineup. You can also use the back of this insert as a channel guide.
