- I - To signify increased rate
- M - To signify text moved from another tariff location, but no change in rate, term or condition

TARIFF FORMAT

- A. Sheet Numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the Tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Massachusetts Department of Telecommunications and Energy (“MDTE” or “the Department”) For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc., that the MDTE follows in its tariff approval process, the most current sheet number on file with the Commission is not always the tariff page in effect. Consult the Check Sheet for the sheet currently in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.
 - 2.1.
 - 2.1.1.
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a).
 - 2.1.1.A.1.(a).I.
 - 2.1.1.A.1.(a).I.(i).
 - 2.1.1.A.1.(a).I.(i).(1).
- D. Check Sheets - When a tariff filing is made with the DTE, an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the Tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by the symbols given on the symbols sheet. There will be no other symbols used on this page if these are the only changes made to it (i.e., the format remains the same, just revised revision levels on some pages). The Tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the MDTE.

Before requesting a credit, the Customer will take reasonable steps to verify that the trouble could not have been prevented by the

Customer and is not in the channels, wiring, equipment, facilities or power provided by the Customer. For purposes of computing a credit, a month consists of 720 hours. The Company will credit the Customer's account at the rate of 1/720th of the monthly charge for each full hour of any interruption, In addition, for Service interruptions greater than eight (8) consecutive hours, the Company will credit the Customer's account in an amount equal to the price of one month of Service.

B. No credit allowance will be made for:

1. Interruptions due to the negligence of, or noncompliance with the provisions of this Tariff by the Customer, End User, or any common carrier providing service connected to the Service of the Company;
2. Interruptions due to the negligence of any person other than the Company, including but not limited to the Customer or other common carriers connected to the Company's facilities;

7. Interruption of Service due to circumstances or causes beyond the control of the Company.

C. For the purposes of applying this provision, the word "interruption" shall mean the inability to complete calls either incoming or outgoing or both due to equipment malfunction or human errors. "Interruption" does not include and no allowance shall be given for service difficulties such as slow dial tone, circuits busy or other network capacity shortages. Nor shall the interruption allowance apply where Service is interrupted by the

negligence or willful act of the Customer or End User or where the Company, pursuant to the terms of this Tariff, suspends or terminates Service because of nonpayment of bills due to the Company, unlawful or improper use of facilities or Service, or any other reason covered by this Tariff. No allowance shall be made for interruptions due to electric power failure.

2.8.4 Late Payment Charges

- A. Customer bills are due on the due date specified on the bill. A Customer's failure to render such payment on or before the due date specified on the bill constitutes default by the Customer. If payment is not received by the Customer's next billing date, a late payment charge of 1.5% will be applied to all amounts previously billed under this Tariff, excluding one month's Service charge, but including arrears and unpaid late payment charges.
- B. Late payment charges do not apply to those portions (and only those portions) of unpaid balances that are associated with amounts that have been identified by the Customer to the Company as an amount in dispute. - D. Company will send to Customer via first class U.S. Mail written notice indicating that suspension and termination of Service will take place within five (5) days, excluding Sundays and holidays, that Customer will be given an opportunity to make full payment of all undisputed charges, and that in no event will service be discontinued on the day preceding any day on which the Company is not prepared to accept payment of the amount due and to reconnect service.

- E. Suspension and termination may occur only between 8:00 AM and 7:30 PM on Monday through Thursday, and between 8:00 AM and 3:00 PM on Friday, provided that such day or the following day is not a public holiday or a day on which the Company's payment collection office is closed. In addition, Service may not be disconnected during the periods of December 23 through December 26 and December 30 through January 2.
- F. If the Customer's account is disconnected due to non-payment, Service may be reconnected only by paying all past due amounts, a reconnection fee, and the first month of Service in advance.

An agreement reached by telephone shall be confirmed by the Company in writing and mailed to the customer with instructions to sip a confirming copy and return it in a prepaid, self-addressed envelope as provided.

The Company's deferred payment agreement does not include a finance charge.

If the Customer and the Company cannot agree to a deferred payment plan, the Company shall notify the Customer of his or her right to request a Department hearing on the matter, and service may not be discontinued, except as provided in Parts 5 and 6 of the Department's Rules in Docket M.D.P.U. 18448. The Department shall have the authority to establish between the parties a binding deferred payment agreement containing reasonable conditions.

The Department shall establish a deferred payment agreement only if (a) the Customer demonstrates that he or she is faced with financial hardship; (b) no other such agreement between the parties is outstanding; and (c) the Customer agrees to pay all other bills from the Company as they become due; provided, however, the Department or the parties may reconsider a previous agreement because of changed circumstances or information which was not reasonably available at the time the agreement was reached. The Company adopts Part 4 of the Rules in Docket D.T.E. 18448 governing deposits, except that Rule 4.5 (a) that limits the amount of an advance payment, or a deposit, to \$50.00 is replaced by the following:

To safeguard its interests, the Company may require a Customer to make an advance payment before Service and facilities are furnished. The advance payment will not exceed an amount equal to two (2) months of estimated monthly recurring charges for the Service or facility. In addition, where special construction is involved, the advance payment may also include an amount equal to the estimated nonrecurring charges for the special construction and recurring charges (if any) for a period to be set between the Company and the Customer. Company will credit the advance payment to the Customer's initial bill.

Company may verify Customer's creditworthiness and may utilize credit reporting agencies in accordance with applicable laws. Company may require from Customer a deposit based on Customer's credit rating.

2.10 TAXES AND OTHER CHARGES

The Customer is responsible for payment of any Federal, state or local sales, use, gross receipts, access or other taxes, charges, surcharges (however designated), franchise and permit fees, and all taxes, fees, and other exactions imposed on the Company or its Service by governmental jurisdictions, other than taxes imposed generally on the Company's net income, as indicated on Customer's bill.

The Company shall not charge Customers for previously unbilled Service or adjust upward a bill previously rendered when the period for the unbilled Service or billing adjustment is more than twenty-four (24) months prior to the mailing of the bill or the upward adjustment unless the conduct of the Customer caused or contributed to the failure of the Company to render timely accurate billing. Unless the Customer causes the late billing, the Company shall explain the reason for the late billing and shall advise the Customer that suspension/termination of Service is not permitted for charges billed in excess of six (6) months after the Service was provided. The Customer will be given the opportunity to pay the charges under an installment plan on a schedule equal in time to the length of the backbilling period.
